
ABOUT WARRABOON

Warraboon was the name created by the Powell family after moving from Warracknabeal to Timboon, to include the name of both towns, for their farm at Cooriemungle

With the permission of the Powell family, the Timboon Demons have chosen to use Warraboon as the name of our cattle club. This has been done out of respect to honour the memory of two fine men, Andy and Ross.

Warraboon Cattle Club ties together sport, community and farming. It's no coincidence that the Powell family has been committed to these three things. The family involvement with the Timboon Demons as supporters, players and committee members over many years has been greatly appreciated. But it was farming that held the strongest passion for Andy and Ross and that is why we believe this to be a fitting tribute.

With the support of our generous members, Warraboon Cattle Club is able to provide opportunities for everyone at the club and the wider community. These opportunities include sport, social and community engagement and are all vital to a strong vibrant club. We hope the Warraboon name continues to inspire and assist people to reach their potential just as Andy and Ross did.
